

Introducing...

Baker Tilly Cayman:

An exciting new start

IN EARLY 2011, BAKER TILLY CAYMAN WAS RE-LAUNCHED WITH AN IMPROVED RANGE OF SERVICES.

Under the direction of Hadley Chilton, Corporate Recovery & Insolvency Director and Richard Reading, Audit Director, Baker Tilly Cayman now provides a full range of services in the areas of audit and accountancy, corporate restructuring and insolvency services, business advisory and IT consulting.

Clients value the firm's strong network of global resources through membership of Baker Tilly International – the World's 8th largest accountancy and business advisory network – represented by 150 firms in 120 countries and more than 25,000 people worldwide. Reticulate with sister firm Baker Tilly BVI, they have been providing bespoke solutions locally, across the Caribbean region and internationally for nearly thirty years to hedge funds, banks, governments, major global corporations and small to medium enterprises.

The Cayman Islands firm has robust expertise in the audit of Cayman-registered hedge funds, captive insurance companies and other entities. The team has a long tradition of working closely with other service providers in the Cayman Islands, including fund administrators and captive insurance managers, to assist in servicing their clients.

The firm has seen excellent growth in a number of sectors this year, particularly

in alternative investments. With fund managers continuing to look for high quality alternatives to the Big 4 audit firms for their new Cayman fund launches, Richard is looking forward to continued growth in the firm's audit business.

The Corporate Recovery & Insolvency team has significant experience in complex insolvency cases, international fraud investigations and cross-border asset recovery. As well as high profile matters such as those relating to Madoff and Bank Century, the team also provides creditor and investor representation and voluntary liquidations where clients have redundant entities or wish to simplify their group structure in the interests of costs and governance.

The revitalised firm is quickly building its profile as one of the island's leading firms and with a number of new staff arriving in 2011 and a further planned office expansion in 2012, exciting times lie ahead for Baker Tilly Cayman.

CFR BIO

Richard has extensive experience providing assurance and other services in a range of industries. Previously, Richard worked for a Big 4 audit firm for over 11 years, in jurisdictions including Australia, the BVI, Grand Cayman and Toronto.
